Just in Case Snow Arrives . . .

Important Snow Day Information

With winter weather approaching, it is time to review our district communication plan for school delays or closures due to inclement weather. We always try to keep schools open. However, if necessary, school openings may be delayed to ensure the safety of students and employees. *In most cases, school closures or late start announcements will be made no later than 6:30 AM on local radio/TV stations.*

For the fastest way to know if there is a delay or closure, sign up for the "Flash Alert" system, you will receive an email when there is important information from the district.

Go to this link to create an account:

<http://www.flashalert.net/news.html?id=3527>

This information will also be available:

- ▶ On the West Valley School District's website: WVSD.208.org
Go to the Students & Families tab, then Communication Tools
- ▶ Or call the District Closure Phone Line at **972-6002**

In order to keep phone lines open, parents and students are asked NOT to contact radio stations or schools for school closure information.

- Closure or delay announcements apply for one day only.
- All meetings in school buildings during a school closure will be cancelled or postponed.
- NO ANNOUNCEMENT means school will operate at the usual times.

2 HOUR DELAY =

SCHOOL BEGINS AT 10:55AM Breakfast is NOT served

NO "AM" Preschool
